FLORIDA NONPROFIT HOUSING ADVOCATES NETWORK

The Florida Housing Coalition, Inc. is expanding its legislative and policy advocacy to include issues that directly or particularly impact Florida's nonprofit housing providers, in addition to our support for full funding and repeal of the cap on the Sadowski Act state and local housing trust funds.

We want our advocacy on behalf of nonprofits to be informed by our membership. We are therefore launching the Florida Nonprofit Housing Advocates Network to provide a forum for you to provide input to the Florida Housing Coalition on legislative and policy issues that you believe will advance opportunities for nonprofit housing providers' success; and provide input on how the Florida Nonprofit Housing Advocates Network can best meet your needs.

Membership in the Florida Nonprofit Housing Advocates Network is free, but is only open to Florida Nonprofits that are Florida Housing Coalition members. If you would like to provide input, share information and ideas, or simply be kept up to date on what advocacy issues we are addressing, please join the Network by filling out and returning this form.
