

A satellite map of the Caribbean region showing the path of Hurricane Irma. The hurricane is depicted as a large, swirling cloud system with a distinct eye, moving from the south towards the Florida peninsula. The map includes labels for 'FLORIDA', 'Tampa', 'St Petersburg', 'Nassau', and 'THE BAHAMAS'.

UPDATE- CDBG-DR

HUD has released Federal Register Notice for \$10.3 B in CDBG-DR funds

For unmet needs in FL, TX, and PR

- In addition to 10 Florida Counties in prior notice, St. Lucie County and Palm Beach County plus more zip codes are included in Most Impacted and Distressed and are eligible for 80% setaside for MID.
- HUD expanded the public review and comment period increased to 30 days (up from 14). This has been a key priority for the DHRC to ensure that survivors have the opportunity to weigh in on long-term recovery plans that will shape their communities.
- HUD changed the required affordability period for multifamily housing from 20 years to a tiered amount:
 - 15 years for rehab or reconstruction of multifamily rental housing with eight or more units.
 - 20 years for new construction of multifamily rental projects with five or more units.
- This notice is for \$10.03B for unmet needs from 2017 disasters – another notice will address \$15.9B for mitigation activities- OF WHICH FLORIDA TO RECEIVE \$633M
- The Current DEO Hurricane Action Plan will address the prior \$615,222,000 + \$157,676,000 and later for \$633M for mitigation
