Sub-Recipients Administering SHIP

Any local government participating in SHIP that uses a Sub-Recipient to administer all or part of the SHIP program should be aware of the following facts:

- 1. The SHIP rule defines a Sub-Recipient (see below) broadly as any person or non-state entity. This would include any non-profit, consultant or other entity actively performing any administrative function of the program including application intake, income verification, contract oversight, counseling, etc. The term Sub-Recipient should not be confused with the statutorily defined Eligible sponsor (see below) which refers to an entity that receives a funding award. There may be situations where it is difficult to determine when an entity is “awarded” funds, but in practice carry out the administration function for those funds. In these cases, the entity should be considered as a Sub-Recipient.**
- 2. Regardless of the use of Sub-Recipients, the local government is responsible (67-37.019 (10)) for monitoring the SHIP funds being expended through the Sub-Recipient. The responsibility for compliance with the requirements cannot be**

SHIP Statute 420.9072 1(a)
